# the 2nd Wellington Intensive Care Medicine Course

A preparatory course for the FCICM Final Examination

The course will include lectures from senior Intensivists, training in exam technique from recent successful candidates, and practice vivas & clinical 'hot' cases from within Wellington ICU.

This course is suitable for:

- Candidates sitting the clinical exam in May 2012
- Candidates intending to sit the written exam in the next 12-18 months

Faculty includes International guest speakers **Dr. Carole Foot** (author of Examination Intensive Care Medicine), **Dr. Neil Orford** (founder of Crit-IQ) & **Dr. Liz Steel** (co-founder of the Intensive Care Network website & co-author of the Examination Intensive Care Medicine textbook)

Please check [wellingtonicu.com](http://wellingtonicu.com) for further details, course costs & how to apply online.

Parameter	Value
Acid Base Status	
pH	7.421
pCO <sub>2</sub>	38.2
↓ pO <sub>2</sub>	85.2
eHCO <sub>3</sub> <sup>-</sup> /P <sub>H<sub>2</sub>O</sub>	25.0
ABE <sub>c</sub>	1.1
Oximetry Values	
eHb	90
Hct <sub>c</sub>	28.0
↓ sO <sub>2</sub>	94.6
p50 <sub>e</sub>	22.86
↓ FO <sub>2</sub> Hb <sub>e</sub>	93.8
PHb <sub>e</sub>	5.4
Electrolyte Values	
↓ cNa <sup>+</sup>	136
cK <sup>+</sup>	4.0
↓ cCa <sup>2+</sup>	1.10
cCa <sup>2+</sup> /T <sub>4.0</sub>	1.10
Metabolic Values	
T cO <sub>2</sub>	30.0
